

# PAULY'S PERSPECTIVE

A Message from Our President Deborah Pauly, Esq.

## Do not Fret! The Prosperity of Evildoers Is Short-Lived; Wickedness and Falsehoods Are Revealed in Due Time

On Thursday, May 30, our nation was reeling as the leading conservative candidate for president was convicted of 34 fabricated felony charges in what can only be described as a New York kangaroo court. Has America fallen to the deflated level of a banana republic? Have we become a country that is poor, corrupt, and badly ruled for the exclusive profit of that ruling class?

It was staggering. Reactions were fast, furious, and myriad.

CPOC put out a press release condemning the convictions. You may read CPOC's press release in this edition of the Conservative Chronicle or downloadable under PRESS on the website. The OC GOP also put out a statement. We noted that the Chairman of the Republican Party Fred Whitaker refused to be quoted or attach his name to the statement. One CPOC member has inquired about that. We'll let you know whether she gets a response, but don't hold your breath. The OC GOP is ruled by Never-Trumpers. Our Orange County turnout for Trump in 2016 and 2020 bear testimony to their aversion.

However, the OC GOP does not seem to have any problem using grassroots animosity toward this miscarriage of justice to drum up donations to its coffers. We have all received releases telling us how "we can fight back" by sending the OC GOP money. Don't do it.

Everyone wants to know where to go to donate to Donald Trump. Beware. Don't be scammed. This is where he wants us to go: [DonaldJTrump.com](https://www.DonaldJTrump.com)

Our circumstance is salvageable, but we are clearly a nation in distress.

### Young Patriots

Last month, we sent out a MAY DAY! MAY DAY! MAY DAY! for young patriot leaders to join us in the battle to save our constitutional republic. Since then, young patriots have been coming out of the woodwork. It's refreshing, inspiring, and encouraging. All is not lost because there are many more young patriots who understand the threat to their freedom and way of life than I had ever imagined. Is it good parenting or just innate discernment? I think it's a bit of both.

In May, our featured speaker 19-year-old Max Bonilla wowed CPOC with a one-hour, fully extemporaneous discussion on what he has *continues on next page* →

observed and reported as an independent journalist from his home in Sacramento. He was riveting. We loved him. Max, The Outraged Teen, has tens of thousands of followers on multiple media platforms where he consistently releases reports on government actions that no one else is covering. His reach and followers grow daily. He particularly seems to enjoy dogging Governor Gavin Newsom, who does not know how to handle direct questioning from a teenager.

A handful of young patriots in attendance spent private time connecting and in discussion with Max over dessert, learning how they can join the battle and work together to influence the course of our country back toward founding principles.

### Memorial Day Ceremony

On Memorial Day, I attended the same ceremony I usually attend at Fairhaven at the juncture of Santa Ana and Orange. However, this year, unlike any other year, there were dozens of young participants. Every branch of service was represented by four to a dozen young people. A young girl played the part of Betsy Ross. They participated at every level and it was clear they understood the importance of the solemn occasion they were marking. However, the young patriot who touched me the most was the flag bearer for the fife and drum. He could not have been more than 10-years-old, yet he held his position, proudly holding the American flag without wavering during the entire recitation of historical facts surrounding the American Civil War. He stole my heart.

### Age Is Relative

Then I learned about 31-year-old Palmer Luckey, a local SoCal visionary and entrepreneur. He embodies the American spirit. I'm glad they are still making young men like him. He's the kind of young man who built this country, and yes, our founders were young. If you want to be impressed, watch this 30-minute video about his American journey and desire to revive reliance on American technology and production to ensure self-reliance in our national defense. Palmer Luckey is hosting the Trump fundraiser in Newport Beach early this month. Click [here](#) to learn more about this outstanding Patriot.

### Huntington Beach Young Patriot

In mid-May, a Huntington Beach CPOC member alerted me to an evolving suppression of 1st Amendment Rights that had taken place during student body campaign speeches at St. Bonaventure Catholic School. Thirteen-year-old Jimmy Heyward was running for Commissioner of School Spirit and Patriotism and, as directed, he submitted his speech to the principal for pre-approval. She wanted him to remove all references to patriotism and any references that he would “Make SBS Great Again.” He made modifications, but felt that he needed to address the lack of patriotism he had witnessed. He had valid concerns.

Jimmy was not permitted to give his speech and was humiliated as he sat on the stage for an hour without an opportunity to address his classmates. His parents

*continues on next page →*

came to his support. There have been many developments in this saga, including over 5-million hits to the speech that his mother taped and posted. There have been well over 6,000 signatures on the petition to remove the offending principal.

This is a fine young patriot. Jimmy will join us this month where CPOC is eager to hear him give his patriotic speech and support him for his bravery. Jimmy appeared on Fox News last week with his mother. This [5-minute video of his appearance](#) will surely impress upon you the caliber of this young patriot's character. We are so excited to meet him in person and shower him with accolades and support.

### **Election Integrity**

The real thrust of June's meeting is a deep dive, lead by CPOC's dedicated Election Integrity Committee Susan Stivers and Cheryl Frink. They will provide updates on their progress, a discussion on what you can do and how you can get involved in protecting our vote in this critical 2024 election.

### **President's table**

CPOC's mission is to **Connect & Serve the Patriot Community in Orange County**. With that in mind, we have invited presidents and leaders of various clubs and organizations in Orange County to join us to network this month. Make a point of extending a welcoming hand, as it will take many hands to make light work over the next several months. It is imperative that we work together. If you know of a club president who should join us, reach out.

### **CPOC Bylaws Vote**

Members will vote on the amended bylaws at the June meeting. Everyone has been provided a copy and notice of the vote. Minor edits have been made based on member input. One complete copy of the proposed bylaws will be available at the meeting for member review.

### **Upcoming events for CPOC**

We are dark in July and August so there will be no general membership meetings. However, we have two special events scheduled:

- 1) **July 13, CPOC Day on the Range** with Firearms Training Associates who addressed us at the April 2nd Amendment Day meeting. Sign-up for the Basic Recreational Handgun Safety Course [here](#). You may contact Michele Markel, [iseemicky@sonic.net](mailto:iseemicky@sonic.net) who has details and can direct you for further information.
- 2) **August 17, CPOC's LowDown HoeDown** at El Rodeo Equestrian Center, where we'll enjoy down-home fun with great BBQ, country and western band, dancing, lots of time for fellowship and an insiders Low Down from a special guest speaker. Look for details.

These are difficult times, to be sure, and I have heard from many of you who are disheartened by recent developments. Psalm 37 tells us "Do not fret because of evildoers, Be not envious toward wrongdoers....Rest in the Lord and wait patiently for Him; Do not fret because of him who prospers in his way, Because of the man who carries out wicked schemes." They will not prosper in the end.

I look forward to being with you on June 20, my fellow patriots. We can uplift one another. God bless and keep you safely in the palm of His mighty hand until then.
